

The Association for Computer Aided Design in Architecture (ACADIA) 2010 Conference
The Irwin S. Chanin School of Architecture of The Cooper Union, New York City | October 21- 24 of 2010

We are pleased to inform you about ACADIA 2010 – Life information: ON RESPONSIVE INFORMATION AND VARIATIONS IN ARCHITECTURE, www.acadia.org/acadia2010

ACADIA 2010 will focus on the changing nature of information and its impact on architectural education, research, and practice. The conference will gather leading practitioners, theorists, and researchers who will examine the relation that architecture has with technology and information, and how the latter propels today's most innovative design experimentation and research. ACADIA 2010 will be centered on a series of keynote lecturers, invited panelists, peer-reviewed essay sessions - included on a proceedings publication- and two groundbreaking exhibition including peer-reviewed projects -featured in an exhibition catalog-.
